BUILD INTEC 2024 Driving Growth

Build Intec driving growth - Technology brings transformation. Identifying those technologies is more important as Smart cities are becoming the order of the day. Build Intec 2024 will be the most apt ground for knowledge sharing and business networking. The idea is conceived with an objective to promote the latest trends and technology in the construction industry.

Each New Edition - A Trend Setter

Each new edition a trend setter - Build Intec is geared up to mark its 13th Edition. It is one of the largest exhibitions in south India on Architecture, Construction, Engineering, building materials and allied sectors.

In retrospect, 12 successful editions - over 180,000 business & industry visitors, over 4000 exhibitors, 750 product categories, and a trade turnover of over Rs. 12 billion. To top it all, the growth has been consistent.

Build Intec has witnessed an overwhelming response from the industry and trade alike. Be it the patronage of the concerned government departments or participation by leading indian and international enterprises, Build Intec has it all.

Many technological innovations are among the biggest transformations of present times.

These industries will provide direct employment to about 10,000 people and indirectly generate employment opportunities to another 20,000 people.

Architect's view of the proposed building

CODISSIA DEFENCE INNOVATION AND ATAL INCUBATION CENTRE - CDIIC has been established with a vision to develop Coimbatore region into a leading Defence Manufacturing Hub within the next 10 years and the largest contributor in the Southern Defence Corridor. Strategically located in the Defence Corridor, CDIIC aims to assist MSMEs to cater to the Defence Forces in indigenisation of their requirements and import substitution, ultimately helping our Armed Forces to fight India's Wars with Indian Technology. Through the Incubation Centre, it shall encourage and support start-up entrepreneurs.
